SISTEM SUMBER MANUSIA

User Guide

Time Management

Apple User – iOS 15 Change

Safari Settings

VERSION: 1.0

INTRODUCTION

This user guide acts as a reference for **Employees** to manage **Time Management.** All Company and Individual names used in this user guide have been created for guidance on using SSM.

Where possible; user guide developers have attempted to avoid using actual Companies and Individuals; any similarities are coincidental.

Changes and updates to the system may lead to updates to the user guide from time to time.

Should you have any questions or require additional assistance with the user guide materials, please contact the **SSM Help Desk.**

GLOSSARY

The following acronyms will be used frequently:

Term	Meaning
SSM	Sistem Sumber Manusia
SAP GUI	SAP Graphical User Interface/Back End
FIORI	Front End/Web Portal
ESS	Employee Self Service
MSS	Manager Self Service

FURTHER ASSISTANCE

Should you have any questions or require additional assistance with the user guide materials, please contact **SSM Help Desk** at **+673 238 2227** or e-mail at **ssm.helpdesk@dynamiktechnologies.com.bn**.

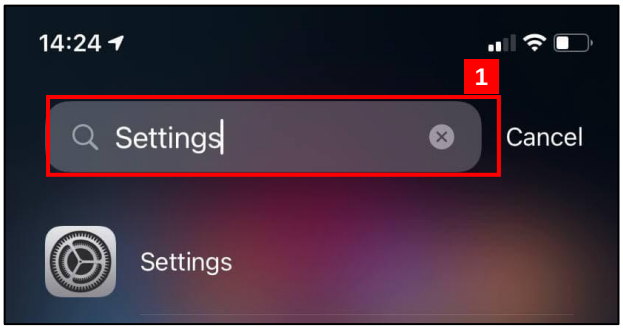
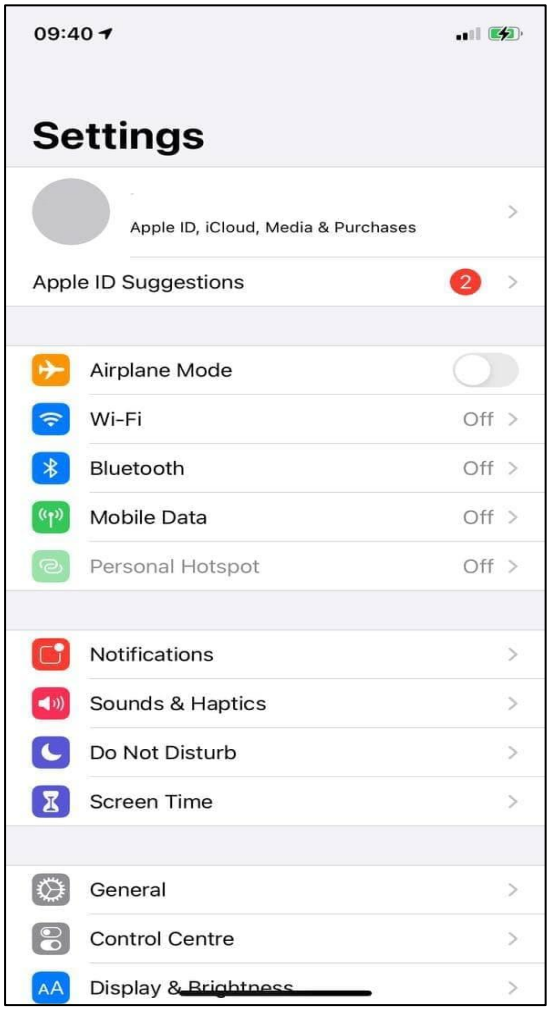
iOS 15 - Change Settings	4

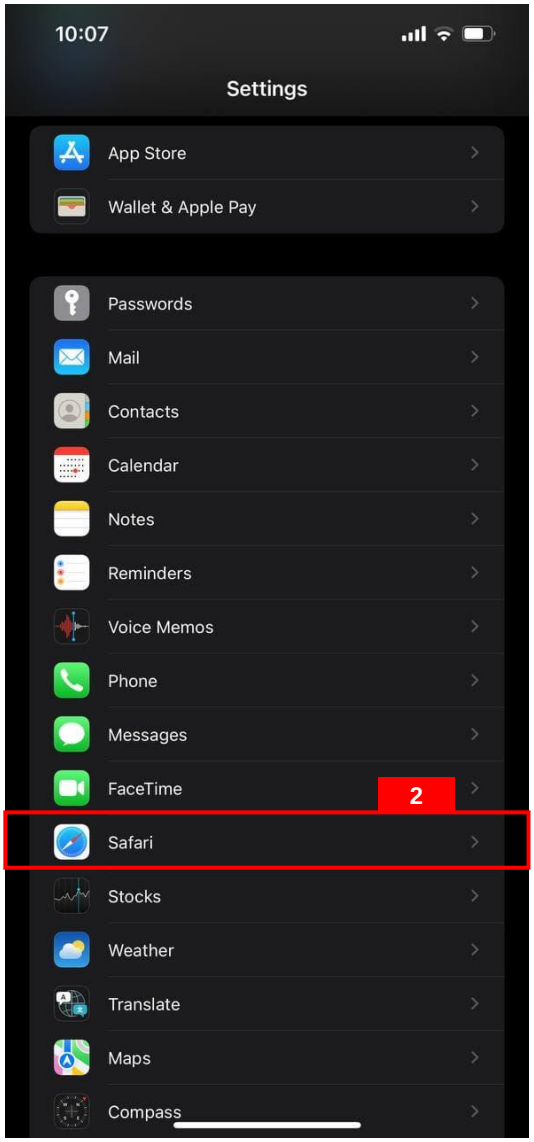
iOS 15 – Change Safari Settings	Employee
	ESS/MSS



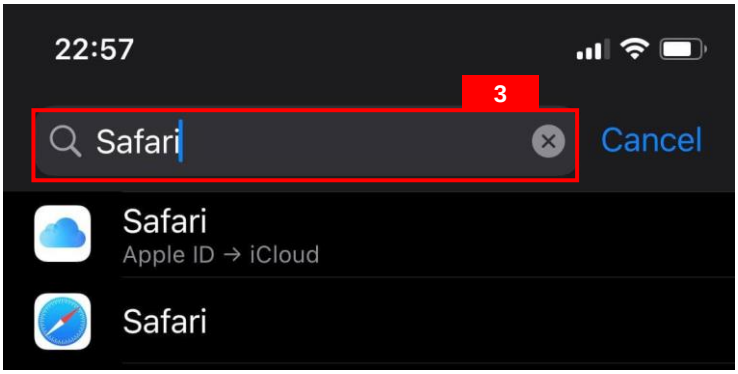
1. Navigate to and click on Settings.



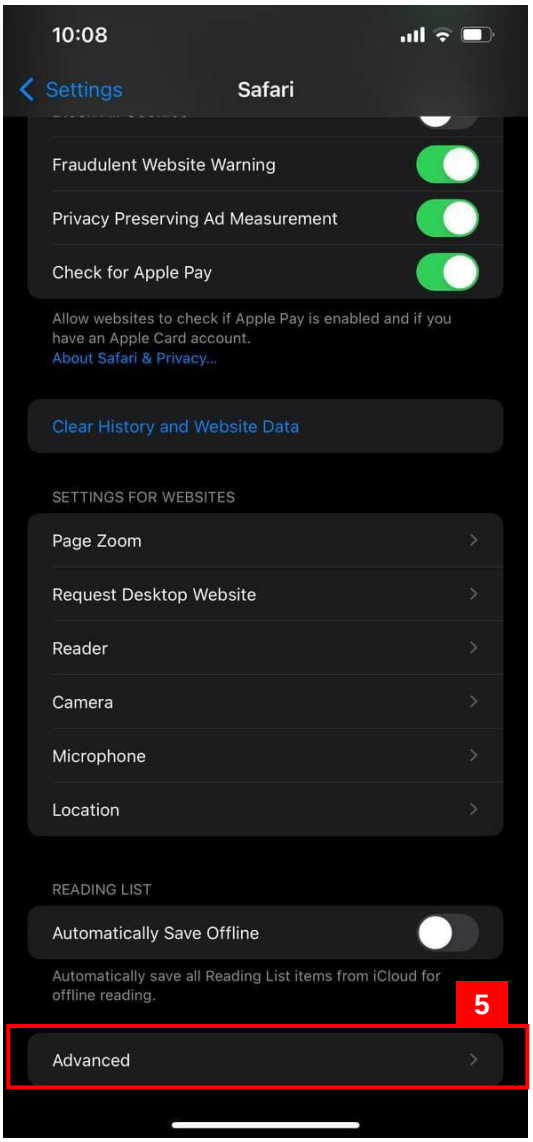
Note: Settings will be displayed.



2. Scroll down Settings and click on **Safari**.

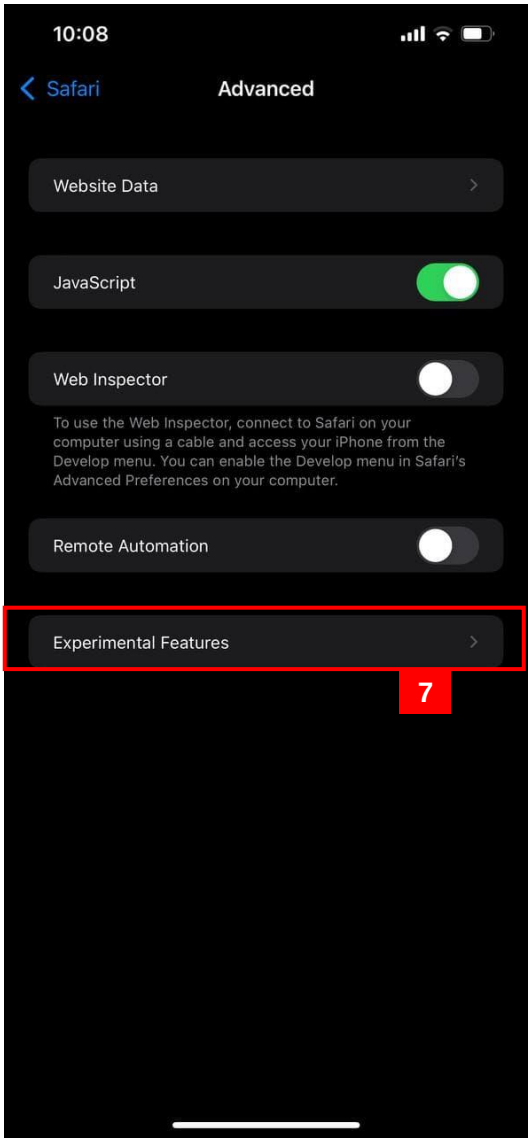


3. Alternatively, users can search for Safari in the search bar.



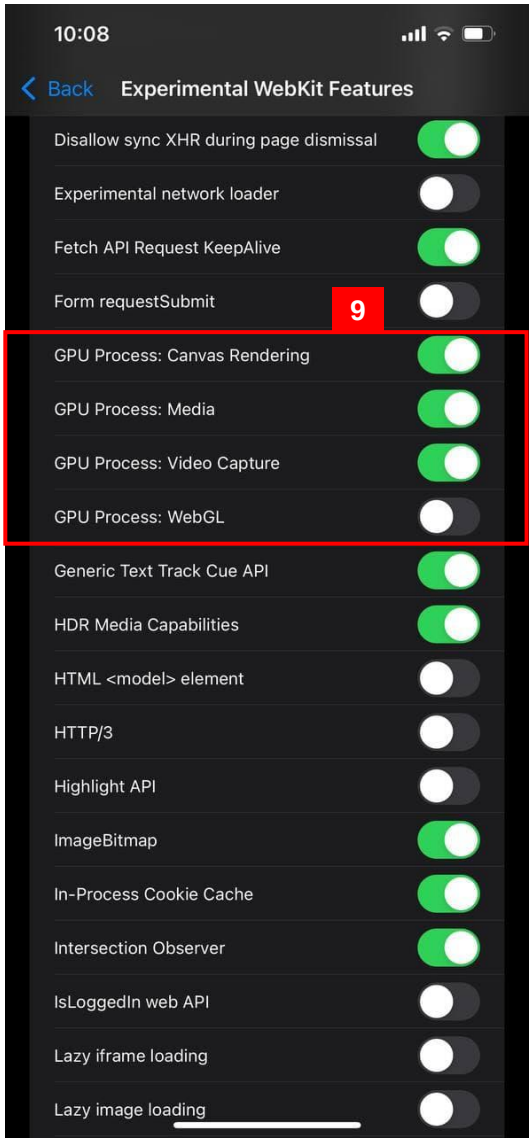
4. List of Safari Settings will be displayed.

5. Scroll down Safari and click on **Advanced**.



6. List of Advanced Settings will be displayed.

7. Click on **Experimental Features**.



8. List of **Experimental WebKit Features** will be displayed.

9. Scroll down to find all **GPU Process**.

Note:

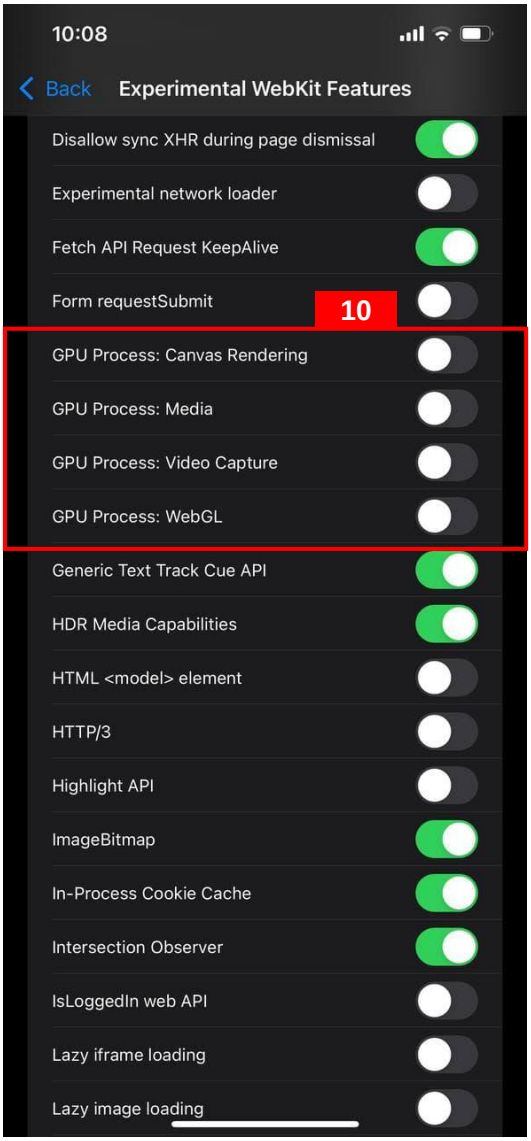
GPU Process includes:

i. GPU Process: Canvas Rendering

ii. GPU Process: Media

iii. GPU Process: Video Capture

iv. GPU Process: WebGL



10. Untick **All GPU Process.**

Note:

- Users can now clock in/out as normal.
- This is only applicable for Safari as Chrome setting is on default.
